Peer and Self Evaluation

For both team Self-Evaluations and Team Feedback to other teams:

Please include at least five things that make this project worthwhile, successful, and meaningful to the team and other educators with whom they might share the project.

Please come up with at least five recommendations for future development, ideas that might take the team project to the next level if given additional time and resources.

Individual Self-Evaluation of Course work to be submitted with **Individual Project** and **Reflective Paper**

Please visit the Information Web Site
